

Supplemental Amendment seeks to further amend claim 33 to include in the last clause the term "rotational" to modify the term "displacement".

While no additional fee is deemed necessary, if the Examiner deems otherwise, he can treat this Supplemental Amendment as a Petition for Extension of Time to extend the time for filing a response from July 30, 1999 to August 30, 1999. It is believed by the undersigned that the proper charge for such an extension of time is the difference between the requisite fee for a two-month extension and the requisite fee for a one-month extension (\$270.00. If such additional fees or any deficiency are believed to be proper, please charge Deposit Account No. 19-4709.

Pursuant to a telephone conference with Examiner Brooke, this amendment places claim 33 in allowable form, and it is respectfully submitted that this case is in condition for allowance.

Applicants earnestly solicit favorable action. If there are any questions or if additional information is required, the Examiner is respectfully requested to contact Applicants' attorney at the number listed below.

Respectfully submitted,
